

# BUY BACK PROGRAM

EFFECTIVE JANUARY 1, 2010

## How it works

If the customer already has GPS tracking devices and services from a company other than GPS Police Inc. or XOOM GPS Inc. they are eligible to switch to GPS Police devices, such as LINK, and Airtime services.

1. GPS Police will sell to the customer brand new, up-to-date LINKs each for USD \$375 / CAD \$395.
2. For each tracking device (a quantity equal to or less than quantity purchased from GPS Police) the customer sends to GPS Police, a USD \$175 / CAD \$195 Airtime credit will be applied to the account at the expiry of the original Airtime that came bundled with the purchase of the hardware.
3. For each LINK that has non-interrupted, non-lapsed, fully-paid Airtime service for 12 months from original purchase date, GPS Police will apply an additional USD \$200 / CAD \$200 Airtime credit to the account.

### Ordering

When you are ready to buy, a GPS Police Agent may assist you or you can simply enter into the Notes field a special code to reference this buy back program. Enter into the notes field "50HM1K" on the GPS Police order form found at <http://www.gpspolice.com/store/>.

### Conditions

GPS Police must receive tracking devices within 30 days of LINK being installed & activated. In cases of fleet discounts, the buy-back credit will not exceed the original purchase price of the device, therefore, credits may be reduced proportionally to the fleet discount. If you have any questions concerning these details, please contact us.

	Airtime	LINK
Jan 1, 2010	\$135	\$395
Feb 1, 2010	(3 months Airtime required on initial device purchase)	(one time purchase)
Mar 1, 2010

Aug 1, 2010	\$45	
Sep 1, 2010	\$45	
Oct 1, 2010	3 months free Airtime	
Nov 1, 2010	(\$135 value)	
Dec 1, 2010		
Jan 1, 2011	\$45	
Feb 1, 2011	\$45	
Mar 1, 2011	\$45	
Apr 1, 2011	3 months free Airtime	
May 1, 2011	(\$135 value)	
Jun 1, 2011		

*This is an example timeline of the buy back schedule based on one proLINK in Canadian dollars. Same schedule would apply in US dollars. After 9 months of Airtime being given to the customer for free the buyback is considered complete. The overall concept is pay for 3 months of Airtime, then receive 3 months of Airtime free – up to a maximum of 9 months of free Airtime.*
