

LIFETIME WARRANTY

EFFECTIVE JANUARY 1, 2010

How it works

If the customer already has GPS tracking devices, such as LINK, and services — that is, cellular airtime — from GPS Police Inc. or XOOM GPS Inc. they are automatically enrolled in our Lifetime Warranty program.

Conditions

1. Only LINK tracking devices sold by GPS Police, XOOM GPS, or affiliated Agents are eligible.
2. LINK must always have continuous, active Airtime service. The following Airtime service levels are acceptable and compatible with our Lifetime Warranty program:
 - ✓ zeroLINK
 - ✓ miniLINK
 - ✓ proLINK
 - ✓ suspended
3. The following disqualifies LINK from lifetime warranty:
 - ✗ Delinquent account — this happens when an invoice remains unpaid for 60 days
 - ✗ Canceling airtime service
 - ✗ Intentional damage to or tampering of LINK
 - ✗ Installing LINK not according to our instructions
